Sister........ on behalf of Tama Chapter I wish to extend our deep gratitude for your efficient instruction today. Just to be with you has made our tasks seem much lighter. Your presence this evening gives us much joy. Always remember we welcome you any time you might be near to join us in our deliberations.

W. M. or any other officer:

Dear Instructor wise and true,
There's so little we can do,
To show you our sincere appreciation
For all you've done this day.
We hope this gift will express to you
Our feelings fond and true.
Our only hope is that we
May make you as proud of us
As we are of you.
We know we've learned a lot
And trust we may not forget
Any lesson you have taught
For we should remember them and you.

Each Star Point fastened their part on the box of candy in turn.)

As Adah: I bring to your heart fidelity to convictions of right and duty.
As Ruth: I bring the duty of obedience to the demands of honor and justice.
As Esther: I add to this heart the virtue of fidelity to kindred and friends.
As Martha: I bring to the heart the sublime virtue of a trustful faith in the hour of trial and the hope of immortal life.
As Electa: I add the virtue of heroic endurance of the wrongs of persecution and the defense of truth.

The Instructor was then escorted to the East and introduced to the Chapter.

The heart was divided something like this:
