

Copy of Prayer for Peace.

Our dear Heavenly Father, we ~~pray~~ ^{praise} Thee anew today, the praise of our hearts,
As we journey into the wilderness of the future we cannot know what is this
day before us, yet we know with Thy Divine help we shall be more than
victors throug Him who loved us. We think of Thy servants of old, how
Thou didst love them and give the victory over every weakness and foe, we
are encouraged to trust Thee. Keep us ~~full and~~ strong and full of trust
that we, too, may be victorious in all things and know the joy and help
of Thy presence within us.

In the new battles we have to fight, lead us to Victory. Fortify and fit us
for our fresh obligations, strengthen us for resistance.

May we live this day as heirs of Eternal Life. We pray that Thou will win
victory for thyself in the affairs of the nation and all nations of the
earth.

Grant that in the power of Thy name Victory may be ours in this war strife.
Lead us in the train of Thy triumph and give us the joy of the Victorious
Life through our Divine Redeemer in Whose name we ask it-

Amen.
